AMENDMENT ON APEAL ORGANISATION

APEAL, the European steel for packaging association, would like to amend the letter dated August 16th announcing organizational changes: a recruiting process for the APEAL Managing Director has been implemented and we feel confident to be able to revert to you on the new appointment before the end of the year.

In the meantime, Joris Nachtergaele – as Deputy Managing Director, will be in charge of APEAL with the support from the members of the Board and the Management Committee.

Yours sincerely

Hugo Loudon,

Chairman of the Board of APEAL

APEAL, the Association of European Producers of Steel for Packaging founded in 1986, is a federation of four multinational producers of steel for packaging in Europe. APEAL represents 95% of the total European production of steel for packaging.
